Gold Coast Cymbidium Growers

A Branch of the Cymbidium Society of America, Inc.

January 2007

Note from the Newsletter Editor: Please note the change in time for this meeting.

Date: **January 19, 2007**
Time: **7:00 PM (Auction plants will be accepted after 4:30 PM and until 7:00 PM)**
Place: **The San Mateo Garden Center, 605 Parkside Way, San Mateo**
Take the Alameda de las Pulgas exit off Highway 92. Turn south.
The Garden Center is located between 26th and 28th Avenues.

Program: The program this month will consist of our annual Gold Coast Cymbidium Growers (GCCG) Auction of cymbidiums for collectors. This is an extremely important fund-raising event for GCCG, since a large part of our yearly income depends on its success. We are extremely fortunate to have Jeff 'keep your hand up' Trimble as our auctioneer.

There are three ways for you to contribute to the success of this event - as a **donor, seller** and/or as a **buyer**.

Donor: The Gold Coast Cymbidium Growers club would appreciate any plant donations that you would like to make to ensure the continued success of our organization. Just bring your donation plant(s) to the January 19 meeting. After being tested for Tobacco Mosaic Virus (TMV), these plants will be auctioned during the meeting.

Seller: You may bring in up to 10 plants or related orchid items for sale, with 25% of the sale price benefiting GCCG and 75% going to the seller. For those selling, it would also be appreciated if you would donate at least one additional plant to the society.

Buyer: An auction buyer wins in two ways. First, you add one or more quality plants to your collection. Second, you have the satisfaction in knowing that the portion of your winning bid that goes to Gold Coast will help support your club.

As this newsletter is going to print, we have already received generous donations and promises of donations of quality plants from members and commercial growers. Plants purchased for the auction and plant donations received to date are listed below.

Thanks to those of you who provided lists for your auction donations. All donated plants will be tested for the Tobacco Mosaic Virus (TMV) free of charge – so those bidding on the plants will not need to worry about introducing any problems into their private collections. There is still time to bring in a plant (or two) for the January auction. If every member brought in just one plant, we would have an awesome time at our auction.

Plant Table: The club will not have a plant opportunity table this month due to the auction.

Board Meeting: The board meeting will be held at 5:00 pm at the San Mateo Garden Center due to the preparations required for the auction. Contact Jeff Trimble at 650-368-8260 if you cannot attend the meeting.

Dinner with the Speaker: Since this is our annual auction, there will be no dinner with the speaker.

Plant Sales: There will be no sales table this month due to the auction. If you wish to sell plants through the auction format, remember that 25% of the proceeds go to the club.

Virus Testing: Due to the auction, testing of plants for TMV will be limited to auction plants only this month. Samples for our normal TMV testing may be brought to the February meeting.

ICU: There will be no ICU at this meeting due to the auction.

Plant Stakes: A limited number of natural bamboo 3-foot plant stakes (at $2 for 20 stakes), and 4-foot plant stakes (at $3 for 20 stakes) will be available for purchase prior to the start of the auction. There will be no sales once the auction begins.

Refreshments for the January Meeting: There will be no raffle this month, so remember to pick up your free raffle ticket at the February meeting. **Please ensure that all items are labeled with the name of the provider so that Tony can record the names for the next newsletter and provide the 5 Free raffle tickets prior to the February draw.**

Thank You for Refreshments at the November meeting:.

Carol Armendariz	Gil Asio	Gloria Bygdnes
Heather Drobus	Ed Dumaguin	Carole Finnegan
Tony Gee & Doug Cunning	Mike & Annie Green	Trudy Hadler
Marron Honigman	Evelyn A. Jones	Val &Mel Jones
Connie Lam	Mel Moura	Willie Torres
Darrel Wong		

Membership: Welcome to new lifetime member, George Hatfield, who joined at the November meeting when he was our featured speaker.

The GCCG Membership list for 2006-2007 is enclosed with this newsletter. Please check your entry for accuracy and report any errors to the Membership Chair, Ken Bruland, at 209 Seaborg Place, Santa Cruz, 95060, 831-427-1450 or bruland@ucsc.edu.

CSA Membership: Members are strongly encouraged to join the Cymbidium Society of America. The CSA is the parent organization of the GCCG and provides liability insurance for GCCG events. You can contact Ken Jacobsen at any of the GCCG meetings for CSA membership information or you can contact the CSA membership secretary, Jose Rodriguez, at 916-927-1810, by mail at 3150 Prince Henry Drive, Sacramento, CA, 95833, or by email at jose.j.rodriguez@usace.army.mil. Dues are $30.00 per year and include a subscription to the CSA Journal. You can also visit the CSA website at http://www.cymbidium.org.

Thoughts From the President: We are having our annual auction this year on January 19th. This is not only the biggest moneymaker for our club, it's the best way to get quality plants that are not always available to the general public. Last year some outstanding plants were auctioned off. Hopefully this year will be as good or better!

We will also be having a display at the San Francisco Orchid show in February. The display committee will be tapping your shoulder for plants for display. Please help!

33rd Annual Cymbidium Congress: In conjunction with the Santa Barbara Orchid Show, the CSA Congress will be held on March 17, starting with the CSA Annual meeting at 8:30 AM, and following with lectures, luncheon and dinner banquet. Contact the CSA website (http://www.cymbidium.org) or the Congress chairperson, Lucia Brandt, at 310-826-9904.

The scheduled lectures will be posted on the CSA web site as soon as all the speakers are confirmed.

Full Registration to the Congress includes invitation to the Friday night show party and unlimited entry to the SBOS show.

GCCG Show: The co-chairs for our April GCCG show are Audrey Young Tarter and Ken Bruland. They will be asking many of you for help organizing the show, and ensuring all those little tasks are done that help make a show successful. If you would like to help, please contact either Audrey or Ken. If either Audrey or Ken asks for your help, please remember that every little bit of extra help will make the show more successful!

Plant Judging: The CSA judges Cymbidiums, Paphiopedilums, and Phragmipediums at the Lakeside Garden Center in Oakland on the fourth Wednesday of each month except November and December, when it is on the third Wednesday. To have a plant judged, call Jeff Trimble at 650-368-8260 at least one day in advance, to ensure that the CSA judges know that plants will be submitted for judging. Plant entry is between 6:30 PM and 7:00 PM the evening of judging. If you cannot travel to Oakland, Jeff will arrange for plant transportation. Clerks can advise you in filling out the plant entry form.

If you have a plant that will be ready for judging at one of our GCCG meetings, but which wouldn't be at its prime on the fourth Wednesday of the month, please contact Jeff Trimble at least 24 hours prior to our meeting. He will attempt to arrange with the CSA judges to have the plant judged before the beginning of our regular meeting.

The AOS judges all genera of orchids in San Francisco at the SF County Fair Building (Hall of Flowers) in Golden Gate Park on the first Tuesday, and in Oakland at the Lakeside Garden Center on the third Monday, of each month. For either judging, plants need to be submitted to the clerks between 6:15 PM and 7:00 PM. If you need help in transportation, call Ken Jacobsen at 650-508-8308.

CSA and/or AOS judging takes place at most of the local shows. Contact the show organizers for specifics regarding plant entry for judging.

Recent Judging Results: At the California Sierra Nevada AOS Judging on Nov. 1, Paphiopedilum Dollgoldi 'Cascade', (Paph. rothschildianum x Paph. armeniacum), received an AM of 80 points, exhibited by Rob Terry.

At the Orchid Society of California Show on Nov 10, Cymbidium elegans 'Vistamont', (species), received a CCM/AOS of 88 points, exhibited by Cynthia Hill.

At the San Francisco AOS Judging on Dec. 5, Paphiopedilum primulinum 'Maplethorpe' (species) received an HCC of 77 points, exhibited by George Stagi.

At the Oakland AOS Judging on Dec. 18, Paphiopedilum Mulyk's Macabre 'Frank' (Ruby Peacock x Macabre) received an HCC of 78 points, exhibited by Robert Benevides.

Upcoming Events: January 27-28, Santa Cruz Orchid Society Annual Show and Sale, Soquel High School, 401 Old San Jose Road, Soquel. Sat: 9 AM-5 PM; Sun: 10 AM-3 PM. For information, contact Bridget Binko, PO Box 54, Boulder Creek, 95006, (831) 338-4220, bbinko@cruzio.com.

February 15-18, San Francisco Orchid Society 55th Pacific Orchid Exposition, **"Orchid Fantasia"**, Fort Mason Center Festival Pavilion, San Francisco, CA. Thursday Preview, 6:30PM-10PM; Friday, 10AM-6PM; Saturday, 9AM-6PM; Sunday, 10AM-5PM. For more information, check the SFOS website: www.orchidsanfrancisco.org or phone 415-665-2468.

March 10, 11 AM – 4 PM, White Oak Orchids Open House. 1204 Linda Mar Boulevard, Unit A, Pacifica 94044. For more information, call 650-355-8767 or visit the website: www.whiteoakorchids.com.

March 16-18, 62nd Santa Barbara International Orchid Show, 'Orchids Gone Wild', Earl Warren Showgrounds, Exhibit Hall, 3400 Calle Real, Santa Barbara, CA. (Highway 101 at Las Positas Road). For information, call 805-969-5746 or visit the website: www.sborchidshow.com.

March 17, Santa Barbara, Cymbidium Society of America Congress, See the above news item.

Newsletter Information: The deadline for submission of information for the newsletter is the fourth Friday of the month. The newsletter will publish announcements of upcoming events for other orchid societies as space permits.

January 2007 Gold Coast Cymbidium Growers Auction

Please place a label on each item you are bringing to the auction. Make it large enough to be easily read.

For plant auction items, four pieces of information are requested on the label:
1. **The auction lot number, as listed in the table below.**
2. **The plant name (and parents).**
3. **The plant ID, as listed in the table below to the right of the Name/Description.**
4. **The minimum bid for the plant (if any).**

For auction items that are not plants, put the auction lot number on the label.

Having these labels prepared and attached to the auction items before you arrive at the Garden Center will greatly expedite the check-in process. The labels will make the auctioneer's job easier as well.

Abbreviations: BB=Sprouted Back Bulb; MP=Division of Mother Plant; MS=Meristem (or Mericlone)

The ID column indicates who supplied the plants. AA indicates the initials of the supplier. These are: Tom Bailey (TB), Ken Bruland (KB), Gloria Bygdnes (GB), Weegie Caughlan (WC), Anna Chai (AC), Greg Corrales (GC), Kevin Daly (KD), Heather Drobus (HD), Ed Dumaguin (ED), Trudy Hadler (TH), Ken Jacobsen (KJ), Carl Jukkola (CJ), Eanghak Quach (EQ), Audrey Young Tarter (AT), Top Hat (Top Hat), Jeff Trimble (JT), Judy Wilson (JW), Darrel Wong (DW), Barry Zimmerman (BZ).

An ID of AANN indicates a sale plant. An ID of D-AA indicates a donated plant. GCCG is the ID for plants purchased by the club.

#	Name/Description	ID	Size	Min
1	**Cym. African Adventure 'Jungle Trail' HCC/AOS-ODC** (Peri x Chironla) Dark green Standard with burgundy red banded lip.	**AC01**	2-gal	**$25**
